- h. The timeline is only indicative in nature and can be modified by the HCI as per administrative requirements or to meet with the deadline of the expiry of the existing Contract etc.

## **VIII. DETERMINATION OF SERVICE FEE**

11. The procedure for determination of Service Fee is as follows:

- a. The HCI/OHCI will not pay for the services rendered by the Service Provider. The Service Provider will charge a fee equal to the contract price per visa/passport/consular/OCI application, denominated in Naira from the applicant.
- b. The service fee per visa/passport/consular application should be quoted, as per the Financial Bid format (Annexure-C), taking into account and inclusive of any local taxes and VAT currently applicable in Nigeria. It is the responsibility of the Service Provider to pay applicable taxes to the governmental authorities concerned.
- c. This fee will remain fixed during the term of the Contract. Proposals for revision may be considered during the period of the contract, only if there is a cumulative rise of 25% or more in the elements affecting the Service Fee. The Bidding Company, while fixing the Service Fee (inclusive of local taxes and VAT) should specify the details as below:

Country	VAT	Other Local taxes (Rate of tax and slabs)	UNCPI
Nigeria			

Note: The rates mentioned above must be based on official documents as on the date, fifteen days prior to the closure of RFP.

While seeking any increase in price, the Service Provider should give documentary proof and calculations to justify the increase to the HCI for approval. The proposal for such increases should also indicate details of weightage of elements affecting the Service Fee. The information provided in the detailed Costing sheet included in the Financial Bid proforma (Annexure-C), will be relied upon for this purpose. The decision of the MEA after considering the proposal shall be final.

- d. The Bidding company should calculate the service fee in a professional manner on the basis of a detailed cost and work analysis, as per the Proforma provided for the Financial Bid (Annexure-C). The calculations should include provision for local taxes, VAT and profit margin and a reasonable rate of return. Since underbidding has been a key cause for poor quality of services and malpractices, any bid with incomplete or incoherent details or unsustainable service fee will be rejected as unresponsive.
- e. In the event of a significant adverse change in the circumstances that results in a verifiable drop of over 20% in the number of applications in Nigeria, due to the introduction of e-Tourist Visa (e-TV) or similar measures by the Government of India, the HCI will consider representations from the Service Provider for revision of the Service Fee. Any decision on the revision shall be on the basis of a detailed justification submitted by the Service Provider, in continuation of the details provided under Annexure-C provided as part of the Financial Bid. The decision of the HCI (taken in consultation with MEA) will be final in this regard. Any reduction in volume of visa applications not connected with the introduction of new visa measures by the Government of India will not be considered for revision of the Service Fee.
- f. After the award of Contract, the Service Provider shall submit an Annual Report of the actual costs and revenues as per the format given in Annexure –C, at the completion of every year of operation. These figures shall form

the basis to evaluate any claims made for the revision of service fee due to drop in volumes envisaged in sub para (d) above. If annual reports are not submitted regularly, requests for fee revision will be summarily rejected.

In the case of two service Provider model, the logical assumption of demand for each bidder would be 50% of the overall demand estimated for the market, although this cannot be guaranteed in practice. Bids with wrong assumptions of demand , which will have a bearing on revenue estimates, will be treated as non-responsive.
